

A large, stylized illustration of a neuron in shades of brown and green, with a prominent cell body and branching dendrites and axons, serves as the background for the top half of the page. A smaller, similar neuron is positioned to the left of the main title.

# 10<sup>TH</sup> MEETING PORTUGUESE SOCIETY FOR NEUROSCIENCES

OFIR, MAY 23-26, 2007

**Themes:**

behaviour and neuro-immuno-endocrinology  
development  
neurodegenerative disorders  
neuronal and visual circuits  
neuronal injury and repair  
pain  
regeneration  
therapies
